

Ravi Solanki

Senior iOS Developer

+91 9313011094 | ravisolankice12@gmail.com | **LinkedIn:** linkedin.com/in/ravisolanki94 | **GitLab:** gitlab.com/ravisolankice12

PROFESSIONAL SUMMARY

Results-driven Senior iOS Developer with 5.9 years of experience in designing, developing, and deploying scalable mobile applications. Proficient in **Swift**, **SwiftUI**, **UIKit**, and **RESTful API integration**, strongly emphasizing **performance optimization** and **user experience**. Adept at collaborating in Agile environments, conducting thorough testing, and ensuring compliance with Apple’s **Human Interface Guidelines**. Passionate about continuous learning and adopting new technologies to improve development workflows and application performance.

TECHNICAL SKILLS

- **Programming Languages:** Swift, SwiftUI, JSON, RESTful API
- **Frameworks:** Cocoa Touch, Core Animation, UIKit, MapKit, Core Location, Combine, AVFoundation, AVKit, Widgetkit
- **Databases:** SQLite, Realm
- **Development Tools:** Xcode, CocoaPods, Swift Package Manager
- **Version Control & CI/CD:** GitLab, TestFlight, App Store Connect
- **Networking & SDKs:** Stripe, Razorpay, Alamofire, URLSessions, WebSockets, Firebase(FCM), Localization, in-app purchases
- **Project Management & Tools:** Jira, Trello, Agile Development, Slack
- **Architecture & Best Practices:** MVC, MVVM, Design Patterns, Code Reviews
- **Swift Concepts:** Closures, Protocol Delegate, Memory Management, Multithreading, GCD, async/await, Tasks, TaskGroup, Main Actor
- **UI Development:** Auto Layout, UI/UX design

WORK EXPERIENCE

Senior iOS Developer

Digital Future Of Education Pvt Ltd, Bengaluru, India

(May 2023 - Oct 2024)

- Engineered and launched 5+ new iOS features, improving user engagement by **30%** using **Swift**.
- Spearheaded **version control** and **CI/CD automation** using **GitLab**, optimizing deployment processes by **60%** and enhancing code integration efficiency.
- Collaborated with **cross-functional teams (designers, backend developers, QA testers)** in an Agile environment.
- Conducted **code reviews** and mentored junior developers to maintain code quality.
- Led Agile teams using **Slack**, improving collaboration and reducing response times by **30%**.
- Developed responsive UIs using **Auto Layout**, **Adaptive UI**, and **Dynamic Type**, enhancing app responsiveness by **30%**.

iOS Developer

XcelTec Interactive Private Limited, Ahmedabad, India

(Mar 2022 - Feb 2023)

- **Optimized app performance**, reducing load times by **40%** using **memory management** and **multithreading**.
- Integrated **Firebase Cloud Messaging (FCM)** for real-time notifications, **increasing retention** by **15%**.
- Utilized **SQLite (FMDB)** for seamless offline storage and sync.

iOS Developer

MCS Ventures, Ahmedabad, India

(Jun 2021 - Oct 2021)

- Debugging and resolving production issues quickly, improving **app stability**, and reducing crash rates by **20%**.
- Developed Automated **unit tests** using **XCTest** to ensure app stability.
- Implemented Apple’s best security practices, ensuring **secure data storage**.

iOS Developer

Tilva Artsoft, Rajkot, India

(Jun 2020 - Jun 2021)

- Designed clean, maintainable, reusable code with a focus on **MVC/MVVM** architecture.
- Implemented **secure payment gateways (Stripe, Razorpay)** & **localization**, increasing **user engagement** by **25%**.
- Enhanced network performance by **optimizing API calls** and **caching strategies**.

iOS Developer

EmpiereTech, Rajkot, India

(Sep 2018 - Jun 2020)

- Developed and maintained **high-performance iOS applications** using Swift.
- Implemented **RESTful APIs** to connect iOS applications with backend services, boosting performance by **30%**.
- Integrated **third-party libraries** such as Alamofire and Firebase.
- Deployed multiple iOS apps to the **App Store**, ensuring compliance with **Apple guidelines**.

PROJECTS

Food Ordering App (POS System)

- Developed a **POS-integrated food ordering app**, increasing real-time order tracking and notifications by **30%**.
- Technologies: Swift, UIKit, RESTful APIs, URLSession, Socket.io, Push Notifications, SDWebImage, Charts, AVFoundation.
 Fri Admin: <https://apps.apple.com/in/app/fri-admin/id6448875896>
 Fri Lite: <https://apps.apple.com/in/app/fri-lite/id6479973086>

Medinaz (Visual Learning Platform for Medical Students)

- Boosted user engagement by **40%** and increased subscription conversions by **25%** through **interactive learning content**.
- Medinaz is a visual learning platform for medical, dental, nursing, and pharmacy students who are preparing for exams.
- Technologies: Swift, UIKit, RESTful APIs, Razorpay SDK, SDWebImage, AlamoFire
 Medinaz: <https://apps.apple.com/in/app/medinaz/id1532692978>

Just Insure (Insurance App)

- Developed a streamlined insurance purchasing app, increasing transactions by **40%** within the first month post-launch.
- Implemented multilingual support, making the app accessible in English & Arabic.
- Technologies: Swift, UIKit, RESTful APIs, Localization, Stripe SDK, SDWebImage, AlamoFire.
 Just Insure: <https://apps.apple.com/in/app/just-insure/id1540086699>

Calm(Meditation App)

- Calm is a Sleep & Meditation is a highly acclaimed app designed to help users improve sleep, reduce stress, and enhance overall well-being through guided meditations, Sleep Stories, breathing programs, and relaxing music.
- The user can access content for a 7-day free trial. After that, they must purchase a monthly or yearly subscription (Auto-Renewal).
- Implemented a Player to play Meditation music. The user can also create a Custom playlist and add music to a specific playlist.
- The user can download the Meditation music and display it in the downloaded portion. The user can also add music to the Favourite list
- Technologies: Swift, UIKit, AVplayer, AVKit, AVFoundation, In App Purchase, RESTful APIs, AlamoFire, SDWebImage, Push Notifications.
 Calm: <https://apps.apple.com/in/app/calm-sleep-meditation/id571800810>

CNH Care (Healthcare App)

- CNH is your trusted Healthcare companion for you and your family.
- Facilitated **1,000+** consultations within three months of launch, optimizing medical service accessibility.
- Implemented secure video/audio calling for remote healthcare services.
- Technologies: Swift, UIKit, RESTful APIs, AlamoFire, SDWebImage, Push Notifications.
 CNH Care: <https://apps.apple.com/in/app/cnh-care/id1514922274>

Why Sooo Serious (Parenting Gamification App)

- Increased user retention by **40%** through **gamification** and **reward incentives**.
- **Implemented a coin-based system** where children earn rewards for completing tasks.
- Developed a gamification system enabling users to earn coins for completing tasks, allowing coins to be collected and redeemed to unlock new characters, boosting user engagement by **40%**.
- Store and retrieve Child activities in the Realm offline database
- Technologies: Swift, UIKit, RESTful APIs, Local Notifications, Payment Gateway integration.
 Why Sooo Serious: <https://apps.apple.com/in/app/why-sooo-serious/id1491704549>

CERTIFICATIONS

- **SwiftUI Masterclass: Certified in iOS Development with Swift & SwiftData** – Udemy (2024)

EDUCATION

- **Bachelor of Engineering (Computer Science)**
 Om Engineering College, Junagadh, Gujarat (Oct 2013 - Oct 2016)
- **Diploma of Engineering (Computer Science)**
 VPMP Polytechnic, Gandhinagar, Gujarat (May 2009 - Aug 2013)

ACHIEVEMENTS

- Received the **Manifest 14** Award for contributions to software development.
- Successfully deployed **multiple iOS applications** on the App Store, with thousands of active users.
- Recognized for **optimizing app performance** and **reducing load times** by up to **40%**.
