Summary

iOS Developer with strong experience in Swift, MVC and MVVM architecture. Proven ability to develop and maintain efficient, scalable mobile applications. Adept at optimizing performance, designing intuitive user interfaces, and integrating real-time systems like Firebase and payment gateways.

Technical Skills

- **Programming Languages:** Swift, SQL
- **Frameworks Tools:** SwiftUI, UIKit, Xcode, Firebase, Figma, Adobe XD, Git
- **Development Practices:** MVVM Architecture, UI/UX Best Practices, Code Optimization, Debugging, Real-time Data Handling, MVC

Experience

RIPENAPPS TECHNOLOGY PVT LTD

OCT 2023 - SEPT 2024

iOS Developer

Noida, Uttar Pradesh

Designed and developed iOS applications using Swift and SwiftUI.
Applied MVVM architecture for clean, testable, and scalable code.
Integrated Firebase and payment gateways to enable real-time functionalities.
Focused on enhancing performance and reducing code redundancy.
Delivered user-centric UI aligned with Apple's HIG.

OCTAL IT SOLUTION (CMMI LEVEL 3 APPRAISED)

NOV 2024 - April 2025

iOS Developer

Jaipur, Rajasthan

Maintained and upgraded iOS applications using Swift.
Created custom UI components with SwiftUI and UIKit.
Conducted bug fixes and code optimization to improve performance.
Adapted rapidly to new tools and SDKs within the Apple ecosystem.

Projects

1. GodideRider

[App Store Link](#)

Technologies Used: Swift, MVVM, Firebase, Payment Gateway Integration, Figma, Xcode
A ride-sharing application designed for fast, real-time ride booking and management.

Developed using **MVVM architecture** for clean separation of concerns.
Integrated **Firebase** for real-time database and notifications.
Used **payment gateway** integration for secure transactions.
Designed intuitive UI/UX with **SwiftUI** and **Figma**.

2. Mednovate

[*App Store Link*](#)

Technologies Used: Swift, MVVM, Firebase, Role-Based UI, Real-time Chat, Analytics, Xcode
A communication platform for doctors and healthcare providers to connect with patients.

Built a responsive and secure healthcare app with **Swift**

Enabled **real-time chat** and data sync using **Firebase**.

Implemented **user roles** for doctors and patients with a clean, role-specific UI.

Integrated **analytics** for activity tracking.

Education

Master of Computer Applications (MCA)

MEERUT INSTITUTE OF ENGINEERING AND TECHNOLOGY

Sept. 2021 – Aug 2023

Bachelor of Computer Applications (BCA)

M.M.H.A.P.U (PATNA)

May. 2017 – May 2020
