## Professional Summary

Innovative and results-driven Senior iOS Developer with over 9 years of experience designing, developing, and delivering high-quality iOS applications. Proven expertise in Swift, SwiftUI, and Objective-C, with a strong focus on architectural excellence, UI/UX refinement, and Agile development methodologies. Demonstrated leadership in team management, mentoring, and continuous integration and delivery practices. Known for launching scalable, impactful apps in B2B, B2C, and enterprise domains.

## Core Competencies

- Mobile Development: Swift, Objective-C, SwiftUI, UIKit, RESTful APIs, Push Notifications
- Architecture & Design: MVC, MVVM, Modular Architecture
- Tooling & Platforms: Xcode, Firebase, Git, Bitbucket, Postman, JIRA, Zoho
- App Lifecycle & Delivery: CI/CD, TestFlight, App Store Deployment
- Agile Methodologies: Sprint Planning, Scrum, Cross-Functional Collaboration

## Professional Experience

Team Lead - iOS Development, Cepoch (Jun 2022 - Present)

- Spearheaded development of enterprise-grade mobile apps with a team of iOS developers.
- Led architecture decisions, reusable UI component development, and code quality enforcement.
- Facilitated Agile ceremonies, mentored junior developers, and drove code reviews.

iOS Developer, Code Brew Innovations Pvt Ltd, Chandigarh (Apr 2021 - Jun 2022)

- Delivered high-performing B2B/B2C iOS apps with SwiftUI and Firebase.
- Integrated complex features like payment gateways and analytics.
- Collaborated across design, backend, and QA teams to meet timelines and product goals.

Senior iOS Developer, I Next Solution, Remote (Dec 2020 - Mar 2021)

- Focused on feature enhancement, UI/UX improvements, and customer-driven app evolution.

- Conducted code refactoring and API integration with backend services.

Senior iOS Developer, CAN Technologies Pvt Ltd, Noida (Apr 2017 - Dec 2020)

- Migrated legacy Objective-C projects to Swift with improved maintainability.
- Designed reusable modules and automated deployments using CI/CD pipelines.
- Handled end-to-end App Store submission and updates.

Junior iOS Developer, Pic N Frames Technologies, Panchkula (Jan 2016 - Mar 2017)

- Supported UI construction, bug fixes, and documentation of core components.
- Developed foundational skills in version control, debugging, and team collaboration.
